- Is Your Employer Amazing? ... Interested in Making a Difference?

HOW CAN YOU HELP? Each year, American-Preparatory-Education-Foundation (APEF) offers local businesses the opportunity to support our students by donating \$500.00. All donated funds go towards Student Enrichment Activities.

Professional Qualifications

Our parent surveys consistently express confidence and overwhelming satisfaction with our teachers at American Prep. In accordance with state regulation, all APA teachers are licensed through one of three licensing paths: Professional, Associates and LEA specific. Parents are welcome at any time to request information regarding the professional qualifications of the student's classroom teachers including: 1) whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction or whether the teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; 2) the baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree; and 3) whether the child is provided services by paraprofessionals and, if so, their qualifications.

District Parent and Family Engagement Policy

At the conclusion of each school year, end-of-year assessment data is reported and organized into a Comprehensive Needs Assessment (CNA). The CNA includes demographic, attendance, and assessment data. Also included in the CNA are the results of the annual Parent Survey. This Survey evaluates, among other things, the satisfaction of parents with the quality of the academic program and their opportunities to participate in the schools. American Preparatory administrators annually invite selected staff and parents from each school to participate in a District/School Planning Meeting. This Committee reviews the Comprehensive Needs Assessment and analyzes areas for potential improvement. District/School Plans are developed with goals, action steps, and budget relationships. District and School Parent Involvement Policies are evaluated for effectiveness. School, Parent, and Student Compacts are also examined by this Committee for recommended changes.

School Parent and Family Engagement Policy

School Parent Involvement Policies vary slightly by campus and are located within the Parent-Student Handbooks. These Handbooks are distributed annually to parents and will soon be accessible on the

AMERICAN PREPARATORY
ACADEMY

APA website under the Parent Library drop-down tab. The Handbooks can also be accessed via this link:
