NEW: Seeking Charter School Science Fair Judges

We are seeking volunteers to judge the **Salt Lake Charter Schools Science & Engineering Fair!** Because of the recent spike in COVID numbers, we have decided to change our fair to be held virtually this year. We hope that this precaution will allow more people to participate that may be in quarantine as well as prevent any additional spread.

We will NOT be doing any zoom interviews this year. Instead, we will be asking the students to prepare a slideshow about their projects. Judges will be emailed their assigned projects' slideshows and given three days (Feb 2-4) to score them at your leisure. If you can be a judge, please register using following this link: _

[Judge Registration](#)

The registration form will help us better match your expertise to that of the students competing in this fair, but don't worry at all about being an expert! The only requirement is that you are ready and willing to work with students and encourage their interest in science. Please contact us if you have any questions and thank you for your consideration of this opportunity!

Winterful Art

Don't miss out on our total art experience this winter. We have all new multi-medium experiences every session, with both two and three-dimensional art. This session experiments with a wide variety of materials. Discover principles and elements of design, art history, and culture, as students use their imaginations to turn their ideas into reality.

Combining fine art with sculpture and mixed media will provide each child with the knowledge and skill they need to unleash his or her creativity and the ability to produce beautiful works of art. Dress for mess creativity and fun!

New Games Every Session

Game ON is an exciting program that brings games to life! We will create our twist using inspiration from popular games such as Hungry Hippos, Battleship, Capture the Flag, Backwards Charades, Family Feud Kid Style, and relay races. Kids will learn self-esteem along with social and team building skills, and emotional management. Students will participate in a variety of activities that are fun, interactive, and large scale. Join us as we get our Game ON in this fun P.E. experience!
